BIOMEDICAL SCIENCE AND THE THIRD WORLD: UNDER THE VOLCANO [a]

Editors and Conference Chairmen
BARRY R. BLOOM AND ANTHONY CERAMI

CONTENTS

Preface. *By* BARRY R. BLOOM ix

Putting Biomedical Knowledge to Use in the Third World. *By* JAMES P. GRANT xi

Introduction. *By* JOSHUA LEDERBERG xix

Part I. Perspectives on Future Possibilities

Disease Problems in the Third World. *By* JULIA A. WALSH 1

Health Research in Africa: Priorities, Promise, and Performance. *By* ADETOKUNBO O. LUCAS 17

Perspectives on Research and Diseases of the Tropics: An Asian View. *By* V. RAMALINGASWAMI 25

Biomedical Research in Latin America: Old and New Challenges. *By* A. MARTÍNEZ-PALOMO AND J. SEPÚLVEDA 36

World Health Organization Expanded Programme on Immunization: Progress and Evaluation Report. *By* R. H. HENDERSON 45

The World Health Organization's Plan of Action for Global Eradication of Poliomyelitis by the Year 2000. *By* R. H. HENDERSON 69

Part II. Strategies for Vaccine Development

Vaccinia Virus Expression Vectors. *By* BERNARD MOSS AND CHARLES FLEXNER 86

[a] This volume is the result of a conference entitled Under the Volcano: Biomedical Science and the Third World, sponsored by the New York Academy of Sciences and the L. W. Frohlich Charitable Trust, which was held on October 18-20, 1988 in New York, N.Y.

Strategies for Genetic Modification of Parasites. *By* RONALD W. DAVIS 104

Strategies for Malaria Control: Realities, Magic, and Science. *By* LOUIS H. MILLER 118

Antigenic Variation in Relation to Vaccines. *By* NINA AGABIAN 127

Strategies for Vaccine Development: Schistosomiasis. *By* ADEL A. F. MAHMOUD 136

Strategies for the Development of Vaccines for Typhoid Fever, Shigellosis, and Cholera. *By* SAMUEL I. MILLER AND JOHN J. MEKALANOS 145

New Strategies for Leprosy and Tuberculosis and for Development of Bacillus Calmette-Guérin into a Multivaccine Vehicle. *By* BARRY R. BLOOM AND WILLIAM R. JACOBS, JR. 155

Molecular Aspects of *Theileria parva* and Approaches to Vaccine Development for Animals. *By* ONESMO K. OLE-MOIYOI, ANITA NAYAR, KEITH IAMS, ANTHONY J. MUSOKE, AND TILAHUN YILMA 174

Leishmaniasis and Malaria: DNA Probes for Diagnosis and Epidemiologic Analysis. *By* DYANN F. WIRTH, WILLIAM O. ROGERS, ROBERT BARKER, HEITOR DOURADO, LAKSAMI SUESEBANG, AND BERNADINO ALBUQUERQUE 183

Part III. Strategies for Drug Design

Trypanothione Reductase. *By* NICHOLAS J. MURGOLO, ANTHONY CERAMI, AND GRAEME B. HENDERSON 193

Recent Studies on Thymidylate Synthase. *By* KATHRYN M. IVANETICH AND DANIEL V. SANTI 201

Studies of Cachexia in Parasitic Infection. *By* KEVIN J. TRACEY AND ANTHONY CERAMI 211

Part IV. Implementation and Impact of Scientific Strategies

Epidemiologic Problems and Prospects. *By* P. G. SMITH 219

Recent Occurrences in the Discovery and Development of Drugs to Treat HIV Infections. *By* JOHN J. MCGOWAN 231

The Influence of Different Sexual-Contact Patterns between Age Classes on the Predicted Demographic Impact of AIDS in Developing Countries. *By* R. M. ANDERSON, T. W. NG, M. C. BOILY, AND R. M. MAY 240

Social Science and the Improvement of Tropical Disease Control Programs. *By* BURTON SINGER 275

Investments in Women, Economic Development, and Improvements in Health in Low-Income Countries. *By* T. PAUL SCHULTZ..... 288

Prospects of Paying for Scientific Advances. *By* BRIAN ABEL-SMITH 311

The Roles of the World Health Organization in Tropical Disease Research. *By* TORE GODAL..... 318

Biotechnology and the Third World: Development Strategies in Cuba. *By* MANUEL LIMONTA..... 325

Index of Contributors..... 335

Major funding was provided by:

- CARNEGIE CORPORATION OF NEW YORK
- L. W. FROHLICH CHARITABLE TRUST
- JOHN D. AND CATHERINE T. MacARTHUR FOUNDATION
- MERCK & COMPANY

The New York Academy of Sciences believes it has a responsibility to provide an open forum for discussion of scientific questions. The positions taken by the participants in the reported conferences are their own and not necessarily those of the Academy. The Academy has no intent to influence legislation by providing such forums.
